### News Release

March 16, 2023

Release date: Immediate

#### Rodeo Grounds Storm Damage –

Last December's storm impacted the Rodeo Grounds, as the restroom, concession hut and a section of the bleachers sustained significant damage. The City is working diligently with our insurance company, FEMA, and the Frontier Days Board to make the necessary repairs. Our goal is to have as many of the repairs completed in time for this year's events. However, due to ever-more restrictive State Laws and insurance requirements that the City must abide by when improving public facilities, it will take additional time. Rest assured the City is doing all we can to make the facility as safe and functional as soon as possible. Furthermore, the City is taking this opportunity to plan for future facility improvements to ensure the venue can continue to host events that attract visitors from across California.

Thank you,  
City of Willits
